ANTI-FREEZING CONCENTRATE

When winter hits hard, FreezeGuard hits back.

Built for the toughest conditions in the portable sanitation industry, this powerhouse formula keeps your entire operation flowing, even when temperatures try to stop you cold in your tracks.

Engineered for holding tanks, restrooms, suites, and service trucks, FreezeGuard delivers bold, industrial-grade protection right where you need it most. No weak spots. No second-guessing. Just dependable performance that prevents freeze-ups all winter long.

Working behind the scenes, FreezeGuard keeps your equipment ready, routes on schedule, and your business moving all winter long.

Storage

Indoors in a cool, dry area.

Shelf Life: Product has an unlimited shelf life but may harden over time.

PRE-CHARGE

Lbs. of MgCl2 (in 5 gal of water)	Freezing Point (°F)
0	32 °F
5	20°F
