

Most Environmentally-Friendly  
Portion Control Sachets

# ECO BLUE

Introducing Eco Blue™! The most eco-friendly deodorizer to hit the market, brought to you by Safe-T-Fresh. This revolutionary new sachet product contains no hazardous materials and doesn't compromise on fragrance or its deep-blue color. With groundbreaking, patented malodor control technology, Eco Blue™ naturally absorbs malodors, eliminating the need for chemical processes used by most current deodorizers.

Eco Blue™ is biocide and bacteria-free, making it fully biodegradable and treatment plant-friendly. Safe-T-Fresh's Eco Blue™ provides a worry-free week of service with a refreshing, long-lasting scent, regardless of the temperature. Impress your customers and protect the environment with Eco Blue™. Try it today and experience the difference!
